

GAME OF THE WEEK !

(5th Apr - 10th Apr)

Lost Cities: The Board Game

Winner of 2008 Deutscher Spiele Preis (German game industry award)

You control a group of explorers searching for ancient cities. You can explore up to 5 different cities, but consider the risks carefully before starting a journey. Do you have enough cards to move your explorers forward? The closer you get to a city, the more points you score. However, you lose points for being too far behind! Along the way, you may discover valuable artefacts and shortcuts to help you get one step ahead of the other players.
